**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

The only reason we have good DSL connections to the internet now is because our local Independent Service Providers force A.T. & T to provide the service quality we need. Our local ISP is building new Gigabit speed networks using Bridge 2 Broadband. Cutting off access to customers for DSL will freeze the deployment of new networks. Please help us build the future!

Thanks,

Kent Dannehl
